## **ENTRY PATHWAYS**

### **PERSONAL PROGRESS**

**January 2017**

This January's moderation sample was a small entry of transcripts for one unit. These were well presented and were an excellent match to the unit assessment criteria and learning outcomes.

The comments in each paragraph provided a very good description of candidate achievement within given contexts. The general comments at the end of each transcript gave succinct but clear indication of the life and learning challenges faced by each candidate.

Administrative procedures were followed and completed apart from providing evidence of an internal verification having taken place. All centres should note that this is mandatory and that absence of evidence that it has taken place will result in submissions being returned for rectification. This could delay external moderation and awards being made.
